PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Minima Twin Adjustable Recessed Light

Astro Minima Twin Adjustable Recessed Light is a twin recessed spotlight for interior ceilings. It is available in Matt White and Matt Black, with two adjustable light sources set into one fitting.

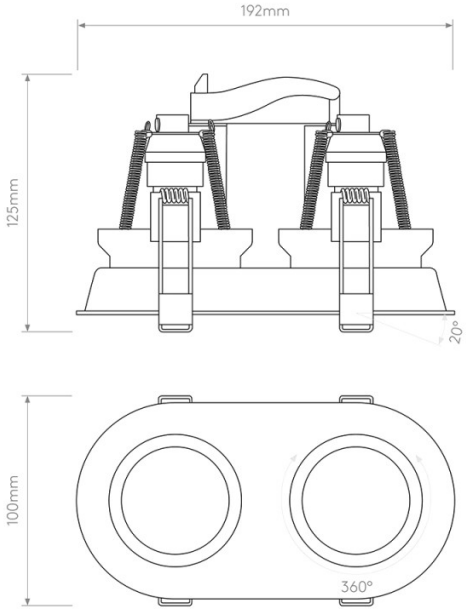

Each spotlight can be tilted and rotated, so the light can be aimed across worktops, walls, circulation areas, or other parts of the room.

Minima Twin uses two LED GU10 lamps, sold separately, and can be dimmed when used with compatible dimmable bulbs. It is wired in, Class I, and does not require a driver. This fitting can be installed in existing ceilings, but only in plasterboard installations, not solid ceilings.

Best suited to kitchens, hallways, bedrooms, living spaces, bathroom zone 3 ceiling lighting, and areas where two adjustable recessed lights are needed from one fitting.
