Astro Ginestra Pendant Light

The Astro Ginestra Pendant Light is a simple metal pendant with a shaped mild steel shade. It has a clean profile, without extra detailing, so it works in both modern interiors and more traditional rooms. The pendant is available in Matt Black and Matt White.

Ginestra comes in two sizes, 300 and 400. The smaller size works well over bedside tables, breakfast bars, or used in a row above a kitchen island. The larger size gives more presence over dining tables, seating areas, and commercial interiors where a bigger pendant is needed.

Ginestra uses one E27 lamp, sold separately, and can be dimmed when used with a compatible dimmable bulb. It is rated IP20 for interior use and can also be installed in the bathroom zone 3. The fitting is suitable for mounting on flammable surfaces. Best suited to dining tables, kitchen islands, breakfast bars, bedrooms, living spaces, and bathroom zone 3 pendant lighting.
