PRODUCT DESCRIPTION

Shadow 300 by Astro

Shadow is a contemporary, plaster wall light with a multifaceted exterior. The wall light emits both a downlight and an uplight, taking two light sources. Its name comes from the different shadows that the facets create when the light is switched on. Shadow light is also suitable for mounting on to flammable material.

You can dim the wall light using a mains phase dimming (leading & trailing edge). You can paint over the Shadow wall light, for more information follow Astro's [painting guide](#).
