PRODUCT DESCRIPTION

Designer: Earnest Studio

Muuto Post Wall Light

Part of the Post family by Muuto, the Post Wall Light echoes the innovative nature and graphic expression of its floor counterpart. The pioneering Post family of products is the result of a new collaboration with Rotterdam-based Earnest Studio for Muuto – founded by Rachel Griffin whose background in graphic design brings sculptural expression, evident in the Post wall and floor light.

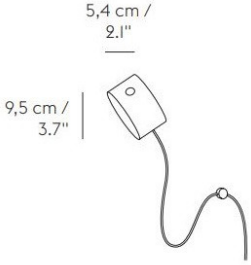

The Post Wall Light comes with **one lighting unit** which can be rotated around a 360° angle using an innovative magnetic joint and is individually dimmable through a subtle touch on the unit. The lighting unit connects to a small transformer which can act as a master on/off switch. The product is supplied with one lighting unit but up to three lighting units can be plugged into the transformer. Additional lighting units can be purchased separately; please contact us for prices and further information.

Muuto have created the ability to construct playful or linear formations on the wall using the Post wall's magnetic cable drop. The cable has a maximum length of 200cm. Perfect for elegant ambient or task lighting due to its flexibility, the Post wall light by Muuto has a characterful yet refined personality.

Please note that this wall light cannot be hard-wired into the wall and must be plugged into a power socket.

PRODUCT SPECIFICATION

Light Source:	6.1W, 2700K, 330 Lumens
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Height: 9.5cm Width: 5.4cm Cable length: 250cm
