PRODUCT DESCRIPTION

Designer: Arne Jacobsen

Louis Poulsen AJ Stainless Steel Table Lamp

Louis Poulsen has re-released the AJ Table Lamp in the original stainless steel finish to celebrate the 60th anniversary of the opening of the Royal Hotel in Copenhagen, the lamp's original home. The AJ Table Lamp in stainless steel formed part of the overall design concept for the SAS Royal Hotel in Copenhagen, designed in 1957 by Danish architect and designer Arne Jacobsen. The stainless steel AJ lamp could be found throughout the hotel.

Still boasting the same functionality, rotatable shade and two sizes seen in the rest of the **AJ Collection**, the stainless steel AJ Table Lamp adds a modern and stylish touch to any interior while appreciating the design's roots. An excellent choice for reading nooks and workspaces due to the lamp's directional light emission and easy control.
