PRODUCT DESCRIPTION

Designer: Sir Kenneth Grange

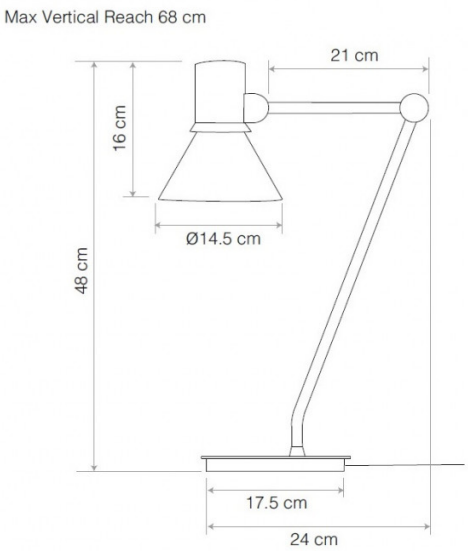

Anglepoise Type 80 Table Lamp

Designed by Sir Kenneth Grange, the Anglepoise Type 80 Table Lamp is distinguished by its striking, graphic profile. The streamlined design is free of unnecessary details or clutter, featuring a discreet integrated on/off switch on the shade. Boasting the flexibility and stability that have become expected of an Anglepoise lamp, the Type 80 can be moved and adjusted with ease.

When switched on, the Type 80 Table Lamp casts a bright beam of functional light, perfect for illuminating a workspace or reading nook. A thin halo of light escapes through the lampshade, creating a decorative feature that adds an extra dimension of light, particularly effective in low-light environments. The Type 80 Table Lamp combines durability with decorative aesthetics, making it suitable for both residential interiors and commercial settings, such as a high-end boutique or bar.
