Hashira Floor Lamp by Menu

A design by Norm Architects for Menu, the Hashira range includes lights with a cylindrical body, metal frame and fabric shade. The Hashira floor lamp is perfect for your home, office or any other space environment. The linen diffuser, not only projects the light, but it also creates a warm and cosy environment.

Hashira can also create a perceptible appeal, which enforces the softness of a room and interior. The lamps effect is such that it can even influence the room's acoustics and appearance. The range also includes the Hashira pendant, available in two sizes, small or large.
