PRODUCT DESCRIPTION

Designer: Norm Architects

Audo Copenhagen Hashira Pendant Light

As with the Harisha floor lamp, the suspension light comes with a tubular, column like shape, meticulously covered with a see-through fabric. The textile allows you to still make out the interior metal structure, which becomes part of its allure. Designed by Norm Architects, the Hashira lights borrow details from traditional, oriental lamps. Norm Architects are known for stripping their light designs to the bare minimum, where nothing else can be removed and nothing more is needed.

Hashira Pendant is available in a small (66cm) or large (96cm) size. The pendant would suit perfectly above a dining table, reception area or in hospitality areas, adding a warm ambience in any room. Explore the collection, which also includes a [floor lamp](#).
