Yo-Yo Table Lamp by NORR11

As the name suggests the NORR11 Yo-Yo table lamp is inspired by the shape of a yo-yo. The lampshade is made from two opal glass circles which completely diffuse the light creating a glare-free effect. The two designers of the Yo-Yo table lamp strive for simplicity whilst creating timeless pieces which is completely abundant in the Yo-Yo table light.

The glass layers of the shade mean this table lamp creates both a bright illumination upwards and a warm glow from the bottom of the lamp, making the lamp perfect for bedside tables, shelves and desks. The table light also has a dimmer function which means you can create your own unique ambience in the room. The Yo-Yo table lamp is suitable for both home and commercial settings and will look best alongside other lights from the [NORR11 Yo-Yo collection](#) to achieve a seamless lighting scheme throughout your space.
