Le Six Table Lamp by NORR11

The Le Six table lamp is a sleek and classic light by designers Kristian Sofus Hansen and Tommy Hyldahl. Influenced by the Art Nouveau era and using modern Scandinavian design principles, the duo have developed a table lamp that has a beautiful curved lampshade and an arched arm that is both chic and functional.

The shade is adjustable allowing the user to direct the light where needed and the light itself is a warm, steady glow making it perfect as a desk light. The Le Six table light is a stylish choice for a reading or task light and can also be used to create a nice atmosphere thanks to the dimmer switch integrated on the base of the lamp. Available in 3 finishes, match this table lamp with others from the [NORR11 Le Six collection](#) to create a seamless lighting scheme throughout the room.
