PRODUCT DESCRIPTION

Designer: Sir Kenneth Grange

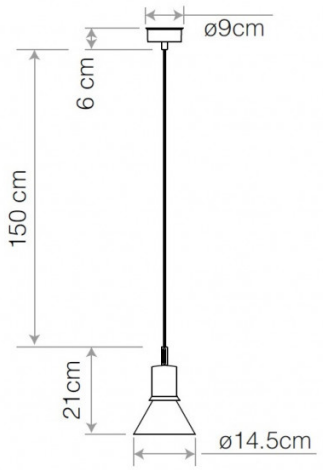

Anglepoise Type 80 Pendant

Designed by Sir Kenneth Grange, the Anglepoise Type 80 Pendant pays homage to the conical shade, which Grange considered a truly iconic element in domestic lighting. The premium precision-engineered design combines form, functionality, and durability, resulting in a pendant that is just as well-suited to the home as it is to commercial settings. The pendant's distinctive shade is enhanced by a halo of light that escapes through the shade, creating a captivating glow and a sense of depth to the light.

The Type 80 Pendant is available in Matte Black, Pistachio Green, Rose Pink, Grey Mist, and Pale Putty. These luxurious finishes add a touch of sophistication to any interior. Its diffused, downward-directed lighting is perfect for use above a dining table or kitchen island. Install individually or in a cohesive set with other pieces from the **Type 80 Collection** for a display that adds a touch of sophistication and warmth to residential and commercial settings alike.
