Kelly Dome Pendant Light by Lodes

Designed in 2015 by Andrea Toso, the Lodes Kelly Dome pendant is one of the brand's bestsellers. Made from laser cut metal, the lampshade is both intriguing and stunning as it has geometric holes cut in the bottom half of the dome. The light is then concealed by a glass diffuser, letting a glare-free light escape downwards. The holes in the shade then create a fun balance of light and shade, making this pendant light not only functional but decorative.

The Kelly Dome pendant light is available in 4 colours and 3 sizes, allowing you to mix and match different variations to create a light spectacle. Suitable for many settings, this pendant can be used as a singular light or as part of a series or cluster. This pendant particularly thrives in dining, kitchen or lounge areas, hanging over a table or workspace. Match with other lights from the [Lodes Kelly collection](#) to create a dynamic space.
