PRODUCT DESCRIPTION

Designer: Marta Sansoni

Maggio Pendant Light by Lodes

Designed by Marta Sansoni in 2016, the Lodes Maggio pendant light evokes thoughts of spring as it is distinguished by its leafy pattern. Using metal, Sansoni has laser cutted the beautiful design to create a pendant that is natural and organic looking, despite being made from a hard material.

The Maggio pendant has a diffused and indirect light that spreads, making this pendant both decorative and illuminating. The built in LED light source is also dimmable, meaning you can create the right atmosphere in your space. Suitable for homes and commercial places, the Maggio pendant light particularly thrives in dining rooms, kitchens and spaces where there is a lot of nature to add to the aesthetic. Available in 2 chic colours, you can mix and match to create contrast or buy several of the same to put in a row or cluster.
