PRODUCT DESCRIPTION

Designer: Lodes

Lodes Puzzle Single Square Wall / Ceiling Light

Crafted from aluminium, the Puzzle Single Square Wall/ Ceiling Light is characterised by its simple, geometric form that adds a minimalist and graphic touch to the room. The metal body houses an integrated LED and acts as a mirror to reflect light against the surrounding wall. This ambient glow creates a harmonious and soothing background lighting. Playing with light and shadow, the Puzzle Single Square can be installed in different positions, allowing for compositions that perfectly match your interior.

The Puzzle Single Square Wall/ Ceiling Light is available in two finishes, Matte White and Matte Black, that blend seamlessly into a variety of colour schemes. Choose between a warmer 2700K or cooler 3000K tone for a colour temperature that suits its environment. Display in pairs to frame a doorway or mirror, or in multiples running the length of a hallway for a uniform spread of light. Its compact size allows the Puzzle Single Square to fit into small spaces, adding a pleasant atmosphere to bedrooms, living rooms, or kitchens.
