Fritz Hansen Kaiser Idell 6722 Pendant

The Kaiser Idell 6722 Pendant is the smaller version of the **Kaiser Idell 6631 Pendant**, a newer release from Fritz Hansen. First designed in 1931 by Christian Dell, the **Fritz Hansen Kaiser Idell Collection** is as relevant and stunning today as it was when it first premiered. This pendant light takes its design from this collection, creating a more compact version of the iconic Kaiser Idell lampshade, which is rounded and curved.

Emitting a downward-directed light, the Kaiser Idell 6722 Pendant is perfect for hanging over tables and surfaces to create a warming spotlight. You can either create a series or row of lights, or you can mix and match colours to create a varied cluster which produces a beautiful and big illumination. Elegant and timeless, this pendant is the perfect choice for kitchens, dining rooms, lounges and many more settings in homes and commercial spaces.
