PRODUCT DESCRIPTION

Designer: Note Design Studio

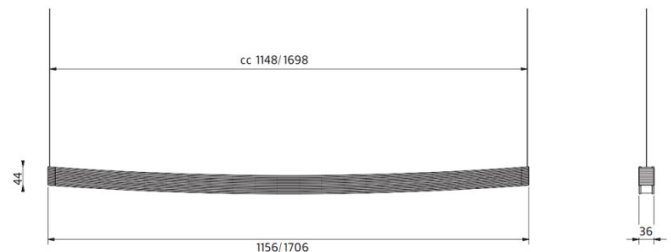

Zero Landscape LED Suspension Light

The Zero Landscape Suspension Light, designed by Note Design Studio, takes its cues from the irregular beauty of mountain ranges. With a minimalist, linear silhouette, this sculptural pendant creates visual rhythm and architectural interest in contemporary interiors. Despite its geometric form, the design evokes nature's unpredictability, forming a gentle landscape when installed alone or in series.

Crafted from painted aluminium with a microprisma diffuser, Landscape emits a balanced mix of 60% uplight and 40% downlight, making it well-suited to task-oriented environments like offices, studios, and dining spaces. The pendant is available in two lengths, Small (115.6cm) and Large (170.6cm), with a choice of finishes including black, white, alugrey, blue metallic, and purple metallic. Alternative finishes can also be requested. DALI and SwitchDim compatibility is available, and connector brackets are available for seamless alignment of multiple units.
