## PRODUCT DESCRIPTION

**Designer:** Jens Fager

### Zero Compose Pendant with Metal Shade

With its strong architectural form, the Zero Compose Pendant with Metal Shade brings a bolder expression to the Compose family. Designed by Jens Fager, this pendant light combines a precision-cast aluminium fitting with a conical metal shade available in brass, copper, or painted finishes. Both the fitting and shade come in a choice of colours, allowing users to coordinate or contrast components to suit their interior.

The pendant is available in small or large shade sizes, and a range of coated and uncoated finishes. Ideal for commercial and residential settings alike, providing a tailored lighting experience in dining areas, workspaces, and beyond.

**Please note, this product is available in both sizes in the following finishes: Black, White, Green, Copper and Brass. Please contact us for further information on pricing.**
