PRODUCT DESCRIPTION

Designer: Note Design Studio

Silo Wall Light by Zero

The Zero Silo Wall Light adapts the industrial elegance of the original Silo pendant into a compact fixture for vertical surfaces. Designed by Note Design Studio, the shade maintains its distinctive cylindrical form and is fixed at a 6-degree angle for optimal light projection. The powder-coated finish is available in multiple rich tones, offering a subtle or standout look.

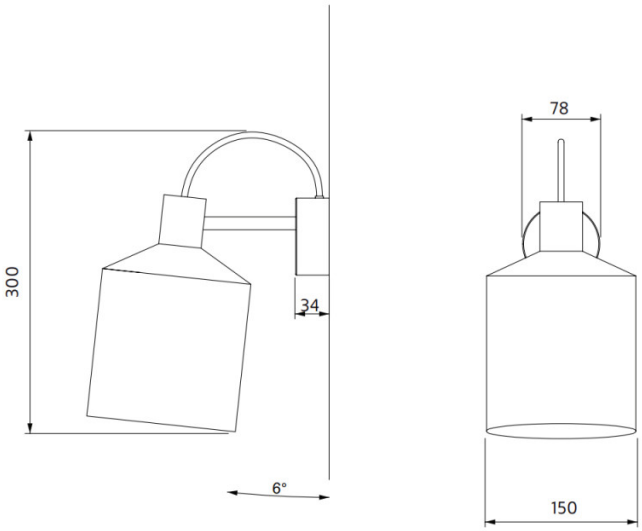

Ideal beside beds, armchairs, or in corridors and lounges, the Silo Wall Light blends sculptural form with directional lighting. Its adaptability makes it suitable for both residential and commercial settings, with custom options available for larger projects.
