PRODUCT DESCRIPTION

Designer: Ludovica & Roberto Palomba

Palomar Floor Lamp by Foscarini

The Palomar floor lamp is an innovative and contemporary design by Ludovica & Roberto Palomba. The lamp emits both a downward and upward light, with the upper light producing a strong, intense glow that reflects off the ceiling and the lower light softly diffusing into its surroundings. This makes the floor lamp perfect for creating a warm ambience throughout the room, being a stylish and current choice for any interior.

The Palomar floor light is characterised by its streamlined, cylindrical design, fitting into many spaces whether big or small. This floor light is also available in either a non-dimmable or dimmable version, proving to be versatile and functional. Don't miss out on this new addition to the Foscarini brand which has a modern and chic look suitable for both domestic and commercial settings.
