PRODUCT DESCRIPTION

Designer: Andrea Anastasio

Foscarini Gioia Wall Light

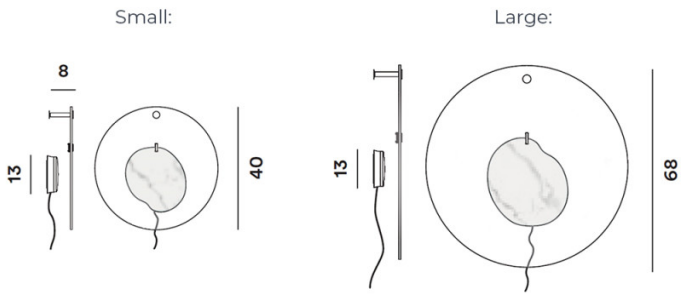

The Gioia wall light is a new product from Foscarini, arriving in 2019 and designed by Andrea Anastasio. The wall light gets its name from the Italian word for jewel, which beautifully encapsulates the aesthetic of the light. Hanging down freely from the wall like a pendant or earring, the light is made from a unique piece of marble and coloured acrylic, held together by a singular ring.

The included LED light source attaches to the wall, with the marble and acrylic diffuser hanging separately from it, providing a diffused light that reflects off the wall and acrylic disc. A stunning and unique light, the Gioia wall lamp is a wonderful choice for many spaces, to add a decorative and striking touch to the room. Suitable for homes and commercial settings, available in 3 colour finishes and 2 sizes.

This wall light has a cable with an on/off switch that needs to be plugged into a nearby socket. The wiring can be removed to hard-wire the light into the mains and will become dimmable via Triac dimming. To do this please consult your electrician.

PRODUCT SPECIFICATION

Light Source:	10W, 2700K, 790 Lumens
IP Code:	20
Dimming:	In-line on/off switch included on cable. **or** Dimmable via Triac dimming.
