PRODUCT DESCRIPTION

Designer: Marcel Wanders

Moooi Hubble Bubble LED Suspension

The Hubble Bubble was designed to evoke feelings of childhood, playing with bubbles, and running around barefoot. Created by Marcel Wanders, the suspension is available in two models, Hubble Bubble 7 and Hubble Bubble 11. Each bubble is made from blown glass, in either an oil-iridescent or frosted version. The Hubble Bubble boasts Electrosandwich® technology, developed by Marcel Wanders. The technology uses conductive material that powers the suspension throughout, without the need for bulky wires and cables.

When illuminated, the glass globes diffuse light to create a soft and uniform glow that surrounds the suspension. This ambient lighting is perfect for adding a welcoming atmosphere to entrance halls, stairwells, and dining rooms. The Hubble Bubble will lure in any spectator, whether hung individually or in clusters. When installed in multiples, the different suspension angles open up endless possibilities, giving you the freedom to create your own composition.

PRODUCT SPECIFICATION

Light Source: **Hubble Bubble 7**: 10W, 2700K, 306 Lumens
Hubble Bubble 11: 17W, 2700K, 530 Lumens

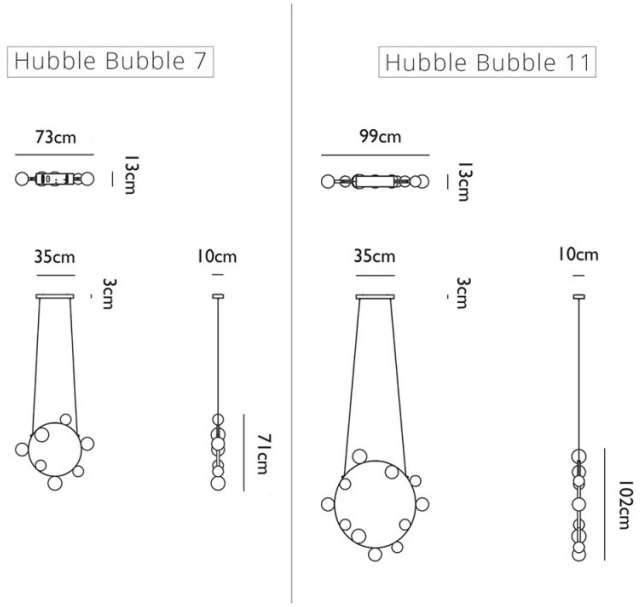

IP Code: 20

Dimming: Dimmable via trailing edge dimming.

Dimensions: **Hubble Bubble 7**:
Ring Length: 73cm
Ring Width: 13cm
Ring Height: 71cm

Hubble Bubble 11:
Ring Length: 99cm
Ring Width: 13cm
Ring Height: 102cm

Ceiling Canopy: 35 x 3 x 10cm
Cable Length: 250cm
