PRODUCT DESCRIPTION

Designer: Lee Broom

Little Lens Flair Chandelier by Lee Broom

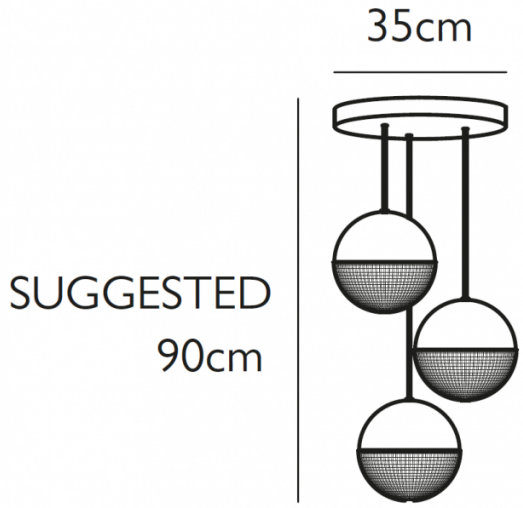

The latest addition to the Lens Flair Collection, first launched back in 2018, the Little Lens Flair lights are a smaller adaptation of the original light. Lens Flair Chandelier, comprised of three individual pendants, is a 3 piece light for any interior and any occasion.

The cable length is adaptable and measures 3m long, allowing you to install each light at a different height; Lee Broom suggests a maximum 90 cm total drop height. Each suspension is a perfect sphere, made of two halves. One half is made of steel in a matte black or brushed brass colour while the bottom half comprises the clear polycarbonate diffuser. The two halves are seamlessly joined, marking the distinct difference between the two materials. The bottom half, with a cross-cut lens, emits a soft and deflected light. The brushed brass lights are matched with a gold fabric cable and matching finish ceiling plate, while the matte black comes with a black cable and ceiling plate.

The Lens Flair Collection also includes the Little Lens Flair pendant; the smaller versions of the original Lens Flair lights.

PRODUCT SPECIFICATION

Light Source:	3 x Max 4.5W E27 LED dimmable (included by Lee Broom)
IP Code:	20
Dimming:	Dimmable using leading edge dimming.
Dimensions:	Diffuser: 20cm Cable Length: 3 x 300cm Suggested Drop Height: 90cm Ceiling Plate: Ø35 x 3.5cm
