Venice Chair by Kartell

PLEASE NOTE: that due to the packaging process, the Venice chairs are sold in packs of two.

Inspired by the city of Venice, the iconic Philippe Starck has created the Venice chair, a wonderful design which can be used both outdoors and indoors. Starck uses the classic lines and silhouettes seen in the chairs in historic Venetian cafes, bringing a traditional design to the modern world using contemporary materials and technology.

The chair is made from polycarbonate with a soft-touch treatment so that it is long-lasting and sculpted well for maximum comfort. You can use this chair in gardens, patios, balconies and even indoors in living rooms and dining rooms, to add a chic touch to the space. Choose between 8 finishes for the perfect match for your exterior or interior.
