PRODUCT DESCRIPTION

Designer: Manuel Vivian

Skirt 70 by Axolight

Skirt was designed by Manuel Vivian, who has created numerous iconic collections for Axolight. This light is a story of wealth and elegance, inspired by fashion and as its name might give away, the skirt. The ceiling light is 'dressed' with a flame-retardant TREVIRA®CS fabric which is available in 6 colours: white, orange, blue, light grey, red and light green. The Skirt ceiling light emits a downlight, and its vivid colours will instantly draw attention. Suitable for both residential and commercial areas, the Skirt ceiling light can be installed in any room and interior while the wide colour option allows you to match any interior decor.

The Skirt ceiling light is here available with a diameter of 70 cm, but two more larger sizes are also available (100 and 150 cm diameter). You may also choose to have a black exterior net fabric, covering the light. Please contact us for more information and pricing.
