Axolight Lik Wall Light

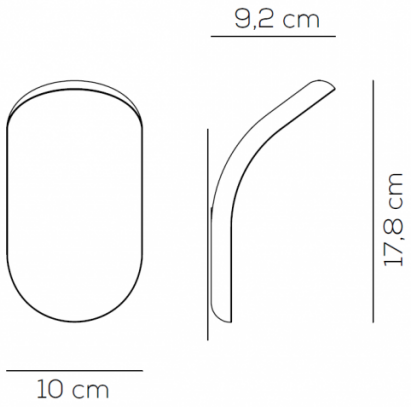

The Lik Wall Light was created by designers Serge and Robert Cornelissen. The design duo are renowned for their elegant designs that seamlessly blend form and function. This approach to design is beautifully reflected in the Lik Wall Light, which features a soft, harmonious profile. The curved body conceals an integrated LED for a minimalistic aesthetic that's free from any unnecessary details.

When illuminated, the Lik produces an intense light that spreads across the wall, bathing the surface in a warm glow. Display individually, in pairs framing a doorway, or in a row, lining the length of a hallway. Install multiple lights in clusters to create a dynamic display that plays with light and shadows for a mesmerising effect. In commercial spaces, the Lik Wall Light can be used in hotels or hospitality settings to create a cosy, ambient atmosphere.

In addition to White, the Lik Wall Light is available in 14 bold finishes. Please contact us for more information.

PRODUCT SPECIFICATION

Light Source:	16W, 3000K, 1545 Lumens
IP Code:	20
Dimming:	Dimmable using trailing edge dimming.
Dimensions:	Height: 17.8cm Width: 10cm Depth: 9.2cm
