PRODUCT DESCRIPTION

Designer: Serge & Robert Cornelissen

Axolight Kwic Suspension

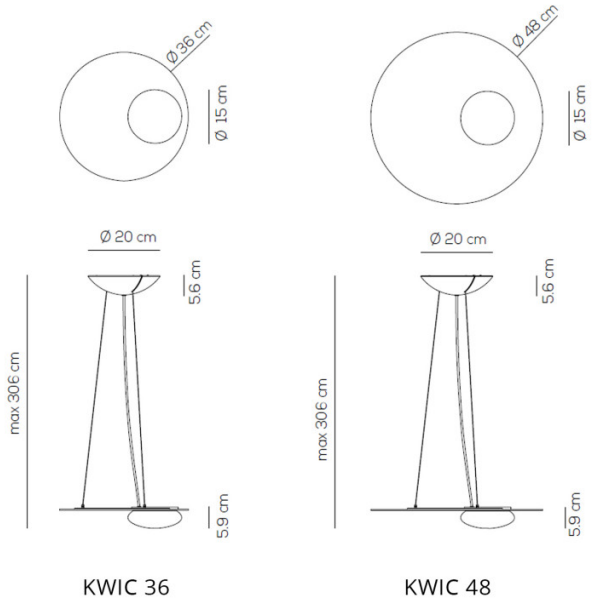

The Kwic Suspension was created by design duo Serge and Robert Cornelissen for Italian brand Axolight. The suspension is a lively expression of graphic geometry and refinement. A decentralised opaline diffuser creates the asymmetrical lines that characterise the **Kwic Collection**. The blown glass diffuser sits on a circular aluminium disk, which is available in two sizes and a wide range of colourways.

When illuminated, the Kwic Suspension fills the surrounding space with an intense light, while a soft glow filters through the back of the frame. This layered lighting adds depth and a feeling of life to the suspension. The Kwic's versatile personality suits a range of interiors and can be used as a focal point or to add a discreet presence to a room. Display above a dining table to illuminate the table while filling the room with comfortable lighting. Alternatively, install the Kwic Suspension in multiples, lining the length of a long hallway.

In addition to Intense Black, the Kwic Suspension is available in 14 bold finishes. Please contact uscontact us for more information.

PRODUCT SPECIFICATION

Light Source:	18W, 3000K, 2151 Lumens
IP Code:	20
Dimming:	Dimmable via 1-10v dimming systems. Please consult your electrician, additional wiring may be required on site.
Dimensions:	**Kwic 36** Disk: Ø36cm Diffuser: Ø15cm **Kwic 48** Disk: Ø48cm Diffuser: Ø15cm Ceiling Canopy: 20cm x 5.6cm Max Drop Height: 306cm
