PRODUCT DESCRIPTION

Designer: Dima Loginoff

Axolight Urban LED Mini Ceiling Light

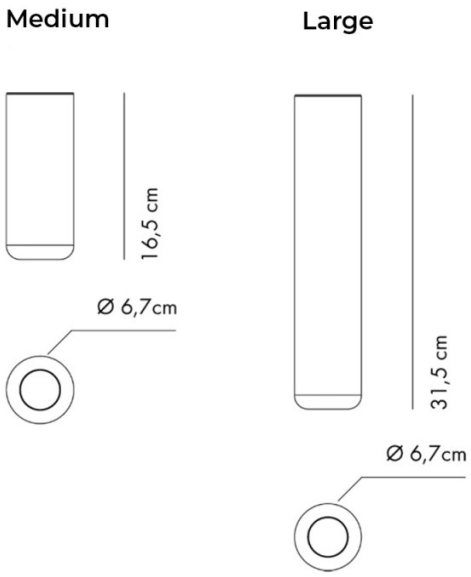

Created by renowned designer Dima Loginoff for Axolight, the Urban Mini light is a popular series by the lighting brand. The Urban Mini retains a post-industrial design, with a geometrical simplicity; a fine example of Axolight's interest in archetypal geometric shapes that can transform any interior. The ceiling light is available in two sizes, measuring 16.5cm or 31.5cm, and a wide range of bold finishes.

An integrated LED is housed within the deceptively simple-looking shade. When illuminated, light is cast down into a downward lighting, perfect for use as a task light or spotlight. Install above a work surface for bright, functional lighting, or above a shelf to shine a spotlight on a piece of art. The Urban light can be mixed and matched, altering in sizes and colours to allow you to create your own unique arrangement. Whether for residential contexts or commercial projects, the Urban Mini will add a contemporary touch to any space.

The Urban Mini Ceiling Light is available in fifteen bold finishes, including White, Blue, Red, Green, Yellow and Black. Contact us for more information and pricing.
