Le Klint Caleo 1 Pendant Light

Designed by Rikke Frost, the Caleo 1 pendant was developed after designing the **Le Klint Caleo Original Pendant**. Frost adapted the design to create a smaller pendant that shares the same aesthetic as the original. The pendant features Le Klint's classic paper shade that is expertly pleated to form the Caleo's distinctive shape. Available in two finishes, choose between white or white/bronze to suit your interior.

The Caleo 1 pendant light provides a warm glow that is diffused and glare-free, perfect for creating a cosy atmosphere with an effective light. The pendant light can be used in many settings and adapted to fit a range of spaces. In large rooms, install in clusters or rows to create a captivating display. In smaller spaces, a single pendant can't be installed above a dining room table to illuminate the space while adding a welcoming ambience to the room. In commercial spaces, the Caleo 1 is perfect for adding an inviting feel to hotel lobbies and restaurants.
