Le Klint Caleo 2 Pendant

The Caleo 2 pendant is part of **Le Klint Caleo Collection**, a range characterised by a paper shade and a gorgeous cross-pleat pattern which is available in either bronze or white. Designed by Rikke Frost, the collection blends Le Klint's classic paper shade with a contemporary aesthetic. The collection is named after the Latin word that means "to highlight", in reference to the shade's exquisite details.

The Caleo 2 pendant light completely conceals the light source, producing a diffused, soft glow that will fill the room while creating a comforting, relaxed atmosphere. The pendant can be installed in a range of spaces, in multiples to create an eye-catching display in larger rooms, or as a single pendant to illuminate a table. Add a welcoming ambience to commercial spaces by installing the Caleo 2 in waiting areas such as hotel lobbies.
