PRODUCT DESCRIPTION

Designer: Matteo Thun

Panzeri Tubino LED Pendant

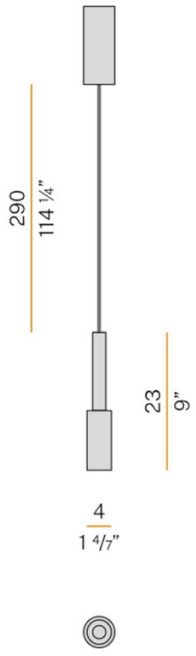

Inspired by the simplicity of the primitive torch, Matteo Thun designed the Tubino pendant for Panzeri with a focus on minimalism and durability. The Tubino Pendant emits both direct and indirect light, making it suitable for various settings such as dining areas, reception desks, or above a kitchen counter.

Crafted from turned aluminium and featuring a sleek cylindrical design, the pendant is available in five finishes, White, Matt Black, Champagne, Bronze, and Titanium. Its 2.9m transparent power cable complements its minimalist aesthetic, and the matching metal ceiling canopy ensures a seamless installation.

For a more impactful display, the Tubino Pendant can be installed in clusters or linear arrangements, adapting beautifully to both residential and commercial interiors.
