Panzeri Bella LED Table Lamp

The Panzeri Bella LED Table Lamp is a testament to innovative Italian design, seamlessly blending functionality with aesthetics. Crafted from premium materials, its sleek and minimalist form adds a modern touch to any interior setting. The Bella features an adjustable die-cast aluminium head that tilts up to 50°, allowing you to direct the light precisely where needed.

Equipped with Step DIM technology, the Bella Table Lamp offers a 5-level dimming system controlled via a button conveniently located at the base of the lamp head. This allows you to create the perfect lighting ambiance, whether for reading, working, or relaxing.

Available in five sophisticated finishes—white, black, bronze, matte brass, and titanium—the Bella table lamp is versatile enough to complement any décor. Its compact size and luminous perimeter diffuser make it ideal for desks, bedside tables, or accent lighting in living spaces.
