Panzeri Arena LED Suspension Light

The Panzeri Arena LED Suspension is an iconic lighting fixture combining innovative design and versatile functionality. Available in three sizes, 100cm, 150cm, and 200cm, this suspension light is crafted from extruded curved aluminium, offering a minimalist yet impactful aesthetic. Its bended aluminium ring structure features both inner and upward light emission, providing ambient illumination that enhances any interior setting.

Equipped with integrated LEDs, the Arena offers a warm 2700K light output that is dimmable via DALI/Push DIM technology, allowing you to tailor the lighting atmosphere. The fixture also includes adjustable spotlights, perfect for highlighting specific areas or objects within a space. The number of spotlights varies by size, with 3 on the 100cm model, 4 on the 150cm, and 5 on the 200cm. These spotlights rotate on two axes, offering precision lighting control.

Available in five elegant finishes—white, black, bronze, matte brass, and titanium, the Arena LED Suspension seamlessly integrates into various design schemes, from contemporary to industrial. With a 5m cable length, it is suitable for both low and high ceilings, making it ideal for dining areas, reception spaces, and open living rooms.

Please note, custom colours are also available upon request please contact us for more information.
