PRODUCT DESCRIPTION

Designer: Jordi Garcés & Enric Soria

Santa & Cole Sylvestrina LED Portable Lamp

The Santa & Cole Sylvestrina table lamp reminds us of the traditional oil lamps, or even further back, the candle lights. Designed by Jordi Garces and Enric Soria, the duo named the lamp after a fisherman called Silvestre, from El Port de la Selva (Spain). A bottle of light, half full or perhaps half empty, but certainly full of light. The Sylvestrina can follow you everywhere, whether in interior or exterior settings, without the need for wires and cables; your permanent companion in any conversation.

The lamp has a two-step dimmer so that you can adjust the brightness of the light (100%, 50%, off). You simply push down the external lampshade to switch on the light or dim accordingly. With a standard USB cable, you can easily charge the lamp. A subtle and sleek glossy black base houses the lithium battery and its small size allows the lamp anywhere. The Sylvestrina offers between 7h on high power or 14h on minimum power. Available in a White or Glossy Black/ White finish, the Sylvestrina suits a range of interiors in both domestic and contemporary interiors.

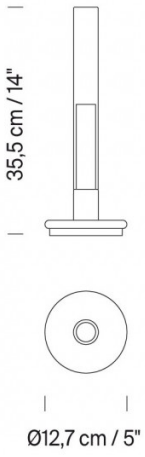

PRODUCT SPECIFICATION

Light Source: 1W, 2200K, 60 Lumens

IP Code: 44

Dimming: Integrated dimmer included on product.

Dimensions: Base: Ø12.7cm
Shade: Ø3.8cm
Height: 35.5cm
Charging Cable: 100cm
