Gregg Alta Table Lamp by Foscarini

The Gregg Alta table lamp was designed by Ludovica and Roberto Palomba and is part of the [Foscarini Gregg collection](#). The lampshade is made from blown glass and is shaped like a pebble, being reminiscent of the natural world and evoking a particular mystique and wonderment. The shade is paired with a chic metal structure, available in 3 sophisticated colours that will add a touch of glamour to the room.

The Gregg Alta table light is available in 2 sizes, so you could mix and match colours and sizes to create a beautiful light feature. The table lamp is also very effective when used alone, emitting a glare-free, warming light that will create a cosy ambience in your interior. The table light also comes with a dimmer switch on the cable so you can create the atmosphere you want. Use on tables, desks, shelves and side tables, as a task/reading light or as a general light for your space.
