&Tradition Tripod HM8 Floor Lamp

The &Tradition Tripod HM8 Floor Lamp was designed in 1953 by Hvidt & Mølgaard. The lamp is defined by its simplistic and modernist nature, featuring a sleek lampshade and slender structure that rounds off at the bottom. In 2024, &Tradition released an updated version of the HM8 with a swivel joint that allows users to direct its conical lampshade easily. This feature is seen across the [Tripod Collection](#), adding an innovative element to the classic design.

The Tripod HM8 Floor Lamp is available in a sleek Matte Black or Matte White finish, which complements the stark simplicity of the lamp's form. When illuminated, the conical shade directs a wide beam of light downward, perfect for use in an office or beside a sofa. Striking a delicate balance between function and aesthetic, the HM8 Floor Lamp adds a timeless appeal to domestic and commercial spaces alike.
