Tripod HM8 Floor Lamp by &Tradition

The Tripod HM8 floor lamp was designed in 1953 by Hvidt & Mølgaard. Despite being designed then, the floor lamp has only just been finally put into production, available for the modern user. The lamp is defined by its simplistic and modernist nature, having a sleek lampshade and slender structure which rounds off at the bottom. The floor light is both an inviting and stylish piece, looking wonderful in many settings.

The Tripod HM8 floor light is available in 3 chic colours, black, moss or maroon, and emits a soft yet effective light, making it perfect as both a reading and an ambient lighting solution. Use in bedrooms, lounges, dining areas and more, whether in the home or in the office. Add a touch of class and elegance to your interior.

Designer: Hvidt & Mølgaard
