PRODUCT DESCRIPTION

Designer: Filippo Protasoni

Bima LED Table Lamp with USB Port by Prandina

The Bima LED table lamp was designed by Filippo Protasoni and is a chic and contemporary lighting solution. The lampshade and structure has smooth, round lines, which look modern and minimalist. The base has a handy USB port, being useful for charging any electronic device that uses a USB charger cable.

The Bima table light also has an integrated LED light source, being long-lasting and eco-friendly. The table lamp emits a soft and effective glow, wonderful for setting an inviting atmosphere or for giving you a light for reading/tasks. Use on desks, tables, side tables and more in your interior, for a multi-functional table light that will satisfy all your needs! Available in a subtle matt white or pink finish, perfect for both homes and commercial spaces.
