PRODUCT DESCRIPTION

Designer: James Bartlett

Brixton Spot 20 by Innermost

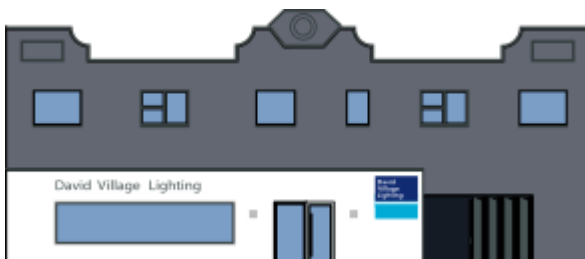

**Ex-display, boxed in original packaging. In great condition.
1 x Copper Available.**

The Innermost Brixton Spot 20 Pendant, designed by James Bartlett, embodies a contemporary take on South London's Victorian architectural charm. Inspired by the octagonal turrets seen on many buildings in Brixton, this pendant light combines industrial aesthetics with modern functionality. Crafted from aluminium, it offers a robust, engineered look that makes a statement whether displayed singly or in clusters. This compact spotlight design is an ideal choice for bringing focused illumination and an industrial edge to residential and commercial spaces alike.

Equipped with a dimmable integrated LED, the Brixton pendant provides efficient, high-quality lighting. The pendant adapts to diverse settings and can be suspended at various heights. Each pendant delivers a warm 2700K light, bringing both style and practicality to any room, making this versatile pendant fit seamlessly into a range of interiors.
