PRODUCT DESCRIPTION

Designer: Space Copenhagen

Manhattan Portable Table Lamp by &Tradition

The Manhattan table lamp was designed by Space Copenhagen, new for 2020. The portable lamp is characterised by its columned metal base and canvas shade, a combination of both organic and industrial ideals. The cream lampshade shade diffuses the light bulb, creating a soft, warm ambience that is effective in the space. The metal base contrasts with the shade, creating a contemporary look that can translate into any design scheme.

The Manhattan table light is portable and rechargeable and comes with an LED light bulb and charger cable included. The portable light also has a touch dimmer on the base that has a 3-step system. The lamp lasts 9 hours on the highest setting when fully charged, so you can enjoy the light where you want and where you need. The Manhattan lamp can be used in professional and domestic settings, and will provide atmospheric lighting in a versatile and functional way.

A charging tray and trolley is available to buy alongside this lamp when bought in multiple for big projects and contracts. Please [contact us](#) for more details and pricing.

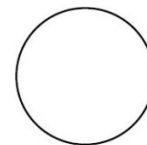

PRODUCT SPECIFICATION

Light Source: 1 x Max 1W G4 LED (included)

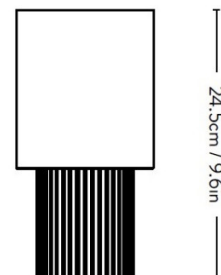

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Shade: Ø13cm
Height: 24.5cm
Base: Ø8.4cm

Ø: 13.0cm / 5.1in

Base Ø: 8.4cm / 3.3in
