KDLN Kushi XL Floor Lamp

Designed by Alberto Saggia and Valerio Sommella, the KDLN Kushi XL Floor Lamp is part of the elegant **Kushi Collection**. Inspired by the Japanese word “kushi”, meaning skewer, the design features a long metal rod that appears to pierce the softly rounded opal glass diffuser. Crafted from two layers of mouth-blown glass, the diffuser emits a warm, even glow. The metallic rod is available in a black, copper, or brass finish for a refined decorative feature.

Imposing yet understated, the Kushi XL Floor Lamp brings a sophisticated sculptural presence to living rooms, bedrooms, lounges, and hospitality interiors. Its generous scale makes it ideal as a statement piece beside a sofa, armchair, or reading area, while the dimmable light source allows you to adjust the atmosphere from soft ambient illumination to a brighter, more functional glow.

PRODUCT SPECIFICATION
