PRODUCT DESCRIPTION

Designer: Verner Panton

&Tradition Flowerpot VP8 Wall Light

Originally designed in 1968 by the iconic Verner Panton, the Flowerpot VP8 wall lamp evokes memories of the flower power movement. The lampshade is made from two hemispheres, with the bottom one being exactly half the size of the top one. The wall lamp is a new addition to the [&Tradition Flowerpot collection](#), bringing all the classic Verner Panton style to a functional and useful light.

The Flowerpot VP8 wall light conceals the light bulb which reflects and diffuses off the top shade, providing a warm, ambient glow. The wall light is available in 6 distinct colours and will look wonderful in many different interiors. Use in a hallway or by your bedside and more to create an appealing and chic look in your space.

This wall light comes with a cable and plug so needs to be installed near a socket but it can also be hard-wired to the mains. Please see the installation video on this page for more info and always consult a qualified electrician before attempting.

PRODUCT SPECIFICATION

Light Source: 1 x Max 3.4W LED E27 (excluded)

IP Code: 20

Dimming: Integrated on/off switch on the product.

Dimensions: Shade: Ø23cm
Height: 35.5cm
Cable Length: 200cm
