PRODUCT DESCRIPTION

Designer: Constance Guisset

Petite Friture Vertigo Nova LED Pendant Light

A 2020 release, Petite Friture have created an LED version of their iconic **Vertigo Pendant**, which was first released in 2010 and designed by Constance Guisset. The pendant is a lightweight, sophisticated, delicate piece that reflects the light in bands of shadows across the room. The material and ribboned structure allow for a graceful light display, creating an ethereal and floating presence in your interior.

The Vertigo Nova Pendant is available in 2 subtle colours, black or white, and 3 sizes: small, medium and large, so you can find the right fit for your space. The integrated LED light source allows for a long-lasting glow, and the round diffuser means the light is soft and spreads evenly throughout the room. Do not miss out on this modern icon.

The Petite Friture Vertigo Nova Pendant can be purchased with a 10m cable on request. Please Contact Us for further information and pricing.

PRODUCT SPECIFICATION

Light Source: 10W, 2700K, 1350 Lumens

IP Code: 20

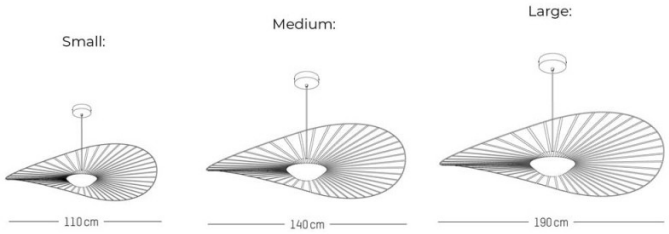

Dimming: Dimmable via mains phase dimming.

Dimensions: **Small**:
