#### Globe LED Pendant Light by Tom Dixon

A new release from the Tom Dixon brand, the Globe pendant has a perfectly round lampshade available in 2 gorgeous finishes, copper or chrome. The integrated LED light source sits in the middle and reflects off the metallised interior as soon as the pendant is turned on. What results is a warming effect that transforms the pendant light, lending a mystical and contemporary touch to any interior. The metallised design also produces a durable exterior, being protected against wear and scratches to create a flawless and perfect surface.

The Globe pendant light is dimmable so you can create the atmosphere you want and is useful as a main light when used alone in a smaller space. You can also use in multiple for bigger spaces and the pendant light can be used in homes and commercial interiors. The minimalist and pure nature of the Globe pendant lamp makes it a stunning and eye-catching addition to any room and will provide a soft yet effective glow.
