PRODUCT DESCRIPTION

Designer: Tom Dixon

Plane Short Chandelier Light by Tom Dixon

A shorter version of the original [Plane chandelier](#), the Plane short chandelier is characterised by its distinct geometric shapes. The triangular structure is made from brass plated steel which holds 4 gorgeous white glass shades. The glass lampshades conceal the light source, producing a diffused, soft glow that will warm up the space.

The smaller and contemporary style of the Plane short chandelier light makes it perfect for many spaces, whether used alone as a main light or in multiple for larger rooms. The chandelier works well when hung over tables and surfaces and will provide a far-reaching illumination that will create an inviting ambience.

Please note, that to dim the lamp you need to install a dimmable bulbs.
