PRODUCT DESCRIPTION

Designer: Vincent Van Duysen

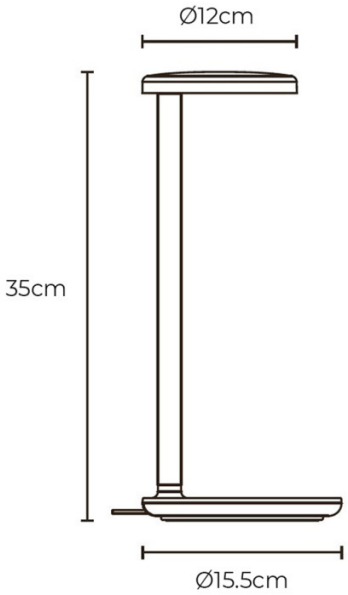

Flos Oblique LED Table Lamp

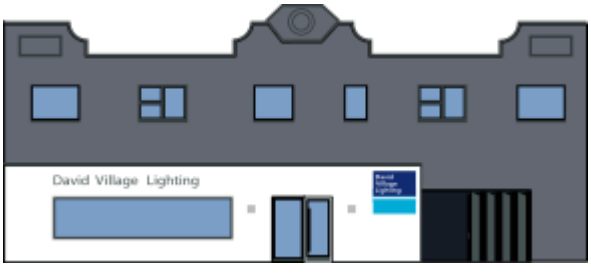

A 2020 product designed by Vincent Van Duysen, the Oblique LED table lamp is specifically made for work and task purposes. The Oblique Table Lamp has innovative LED and lens technology, which allows the light source to act efficiently and effectively, producing a powerful and useful glow that is perfect for reading and tasks.

The Flos Oblique has a minimalistic and unique aesthetic, redefining the classic desk lamp to be used by modern users. The table lamp has a touch dimmer on the base and can also be set on a timer so you can have complete control over the lighting output. The base of the Oblique also has a handy USB-C port on the back so you can charge compatible devices at the same time. This table light is best used for large projects, offices and for home use, wherever you need a handy task light.
