PRODUCT DESCRIPTION

Designer: Michael Anastassiades

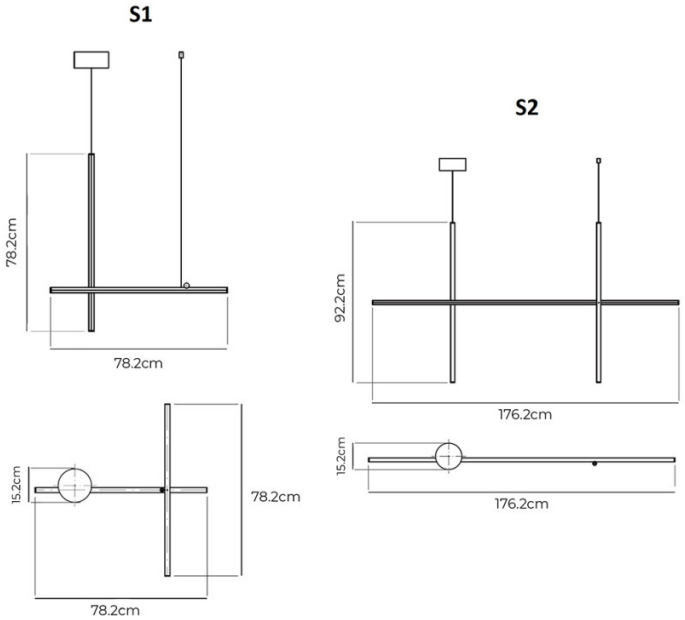

Flos Coordinates LED Pendant Light

Designed by Michael Anastassiades, the Flos Coordinates Pendant Light is part of the **Coordinates Collection**, a 2020 range that offers a sleek, minimalistic aesthetic to any interior. The pendant is characterised by horizontal and vertical lines, a geometric spectacle that produces a warm and inviting glow.

The Coordinates Pendant has an integrated LED light source, which is dimmable and is concealed by the silicone diffuser. This luminaire is available in 2 versions, S1 and S2, which both have their own unique aesthetic. You can use the Coordinates Pendant alone in a small space, or use multiple versions of both to create a grid configuration which will draw the eye in bigger spaces. Available in a beautiful anodised champagne or argent finish to add a touch of elegance to any interior.
