PRODUCT DESCRIPTION

Designer: Marc Sadler

Foscarini Twiggy Wood Floor Lamp

For its 15th birthday, Twiggy is celebrated with a bold and daring makeover. The iconic Twiggy floor lamp, designed by Marc Sadler, now combines two diverse materials to create the new Twiggy Wood floor lamp. The lamp retains its streamlined design and sinuous lines, with the addition of new material. A light whose personality and elegance are perfect for any interior setting.

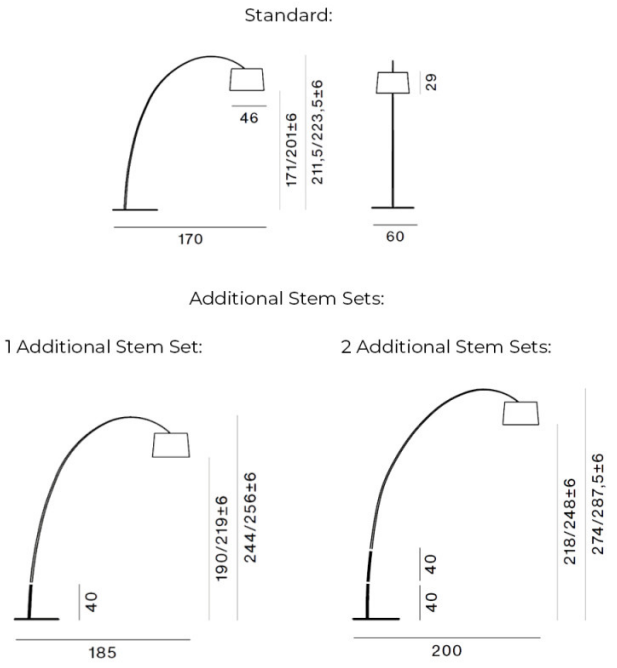

Besides the new material combinations, the Twiggy Wood has also undergone technical updates. A new LED circuit, created especially by Foscarini, has been entirely redesigned to allow for more light to be reflected. The light is also reflected in the wooden shade, further adding to the warmth created by the lamp. An inline dimmer, comprised of a new pedal developed by Foscarini, allows you to tailor the light's brightness to your liking.

Twiggy Wood, with its slim lines and soft material lends itself to any space. The lamp has a wooden maple shade, while the stem and base is available in a black or greige colour.

You can purchase **additional stem sets** for your Twiggy floor lamp, which will add height and depth to the lamp. You can view the specification image for information on the exact dimensions. Please, **contact us** for more information and pricing.

PRODUCT SPECIFICATION

Light Source:	28W, 2700K, 3840 Lumens
IP Code:	20
Dimming:	In-line dimmer included on the cable.
Dimensions:	Shade: Ø46cm Depth: 170cm Height: 221.5 - 223.5cm Base: Ø60cm Cable Length: 330cm
