PRODUCT DESCRIPTION

Designer: Omer Arbel

Bocci 38V Series Chandelier

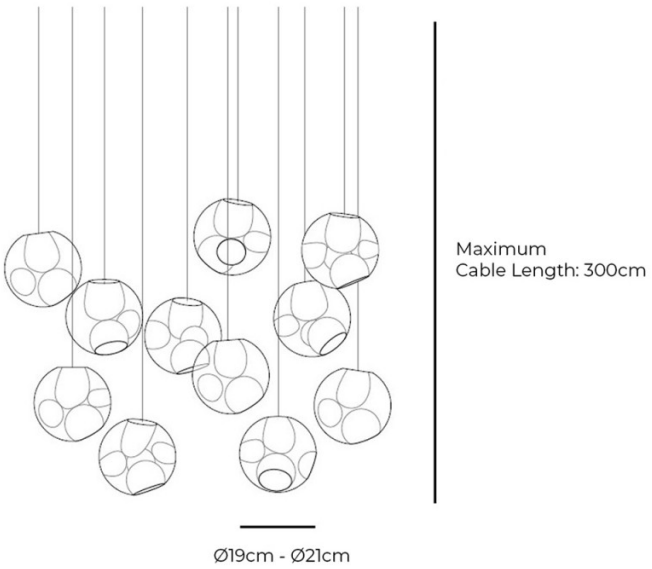

The Bocci 38V Series Chandeliers are made up of multiple pendants from the **Bocci 38V Series**, with each chandelier made up of either 8, 11 or 20 lights. These luminaires come with a rectangular, round or square ceiling canopy which creates a unique aesthetic that is eye-catching and stunning.

Each shade of the Bocci 38V Chandelier is made from blown glass and has milk white cavities which either hold a light source or are empty to hold plants. This effect means that a warm glow emanates throughout the room and a natural look can be achieved by personalising the light with your own plants. This fun, organic and beautiful chandelier light will look wonderful in many spaces and with light bulbs included (either a **Xenon 10W** bulb or an **LED 1W** bulb), the 38V Series chandelier lights are perfect for homes and professional spaces.

Please Note: All Bocci Suspension Lights come with a white ceiling canopy as standard. Other finishes and shapes are available; please contact us for more information and pricing.
