PRODUCT DESCRIPTION

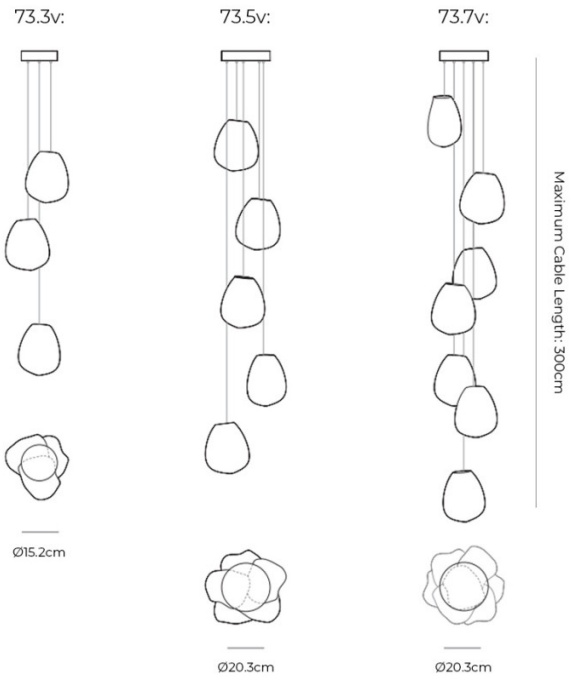

Designer: Omer Arbel

Bocci 73V Series Multi Pendant Light

The 73V Series Multi Pendant is made up of 3, 5 or 7 pendants from the **Bocci 73V Series**. A beautiful light display, each shade is made from glass which is blown into a fabric vessel to create a mysterious and textured shape. The light bulb is concealed by the glass and produces an inviting and diffused illumination which is perfect for both atmospheric and functional lighting. You can choose between dimmable **Xenon 10W** bulbs or non-dimmable **LED 1W** bulbs, which are included in the price.

The 73V Series Multiple Pendant is perfect to use as a main light, as a modern and stylish feature, or is wonderful to hang over tables in big spaces. The magnificent nature of the multi pendant light will draw the eye and be a talking point of any interior. Each pendant is available in 7 colours: blue 1, grey 1, opaque green 1, opaque blue 1, purple 1, clear and opaque white 1, so you can create a cluster that has a mix and match of various glass finishes. The cables are also adjustable so you can create a truly personalised look for your interior.

Please Note: All Bocci Suspension Lights come with a white ceiling canopy as standard. Other finishes are available; please contact us for more information and pricing.
