## Caboche Plus LED Wall Light by Foscarini

Designed by Patricia Urquiola and Eliana Gerotto, the Caboche Plus wall light is a new addition to the [Foscarini Caboche collection](#). Improving on the bestselling Caboche design, this wall light has an LED light source included, which allows for less glare and a more powerful glow that is perfect for many settings.

The aesthetic of the Caboche Plus LED wall lamp is based on the look of a pearl bracelet, with stunning spheres being arranged in a mosaic way to create an alluring and eye-catching design. The lightweight and airy nature of this wall lamp makes it suitable for homes and professional spaces, whether you need to line a corridor or illuminate your bedroom. Available in a beautiful transparent or grey colour finish and a small or medium size, the Caboche Plus will not disappoint and will be a wonderful addition to any interior!
